Hi Erin,

I just wanted to let you know that I will not be able to complete the analysis by Monday because of other priority samples that I have been assigned. I spoke with my boss and he suggested you contact our director, Julie Nassif at 617-983-6651, if this will impede your case.

Kate

Hi Kate,

Yes, the drugs have been re-submitted for testing. Unfortunately you do still have to appear on Monday because there is still technically a chain of custody issue with the drugs. I will let you know if anything changes.

Thanks,

Erin

Hi Erin,

Quick question for you regarding this case, I was informed by the evidence office that the drugs have been brought back to the lab to be re-tested. Can you let me know what the deal is with this case? If they are re-tested, do I still need to go on 3/26 for the voir dire?

Thanks,

Kate Corbett

Kate,

Please find a summons attached for March 26. Thank you for your continued cooperation with this case (I know it is a pain).

Thanks,  
Erin
